Dear Carlos,

On behalf of the WSF Board, I would like to thank Argentina for competing in the WSF Men's World Team Championship in Washington DC, USA on 15-21 December 2019.

We fully understand the significant time and financial commitment it takes for your Federation to send players, coaches and some medical support to Championships throughout the year, so the WSF is really appreciative of your country's participation in the pinnacle WSF event of 2019.

The WSF Team Championship brings together the best players from all around the World, from every corner of the globe, showcasing what an amazing sport we have, how athletic, strategic, skilled and talented Squash players are, as well as a huge camaraderie and team spirit in representing their country.

From what I have been advised the WSF Championship has been highly praised with the majority of players and coaches contented with the organisation of the WSF Championship and close proximity of the Hotel Marriott to the Squash Centre. For our new CEO William Louis-Marie who found the experience invaluable, this event constituted a unique opportunity to observe our Sport first hand to further bring fresh ideas and recommendations for future WSF Championships. If your Federation would like to send any observations or feedback, these would be gratefully received at the following email address admin@worldsquash.org

Thank you once again for supporting and participating in this key WSF Team Championship and we are looking forward to working with you in 2020.

May we wish you the very best for 2020.
